

# Epson EB-G6800

The Epson EB-G6800 professional installation projector is ideal for rental markets and digital signage. Important presentations are delivered with rich, vivid colours - even in daylight. This is thanks to Epson's 3LCD technology, delivering an equally high White and Colour Light Output of 7,000 lumens, and an XGA resolution.

The Epson EB-G6800 boasts superb picture quality, ensuring the best possible delivery of presentations. The Colour Uniformity function compensates for unequal colour distribution by adjusting the intensity of RGB on individual areas of the screen.

New and innovative presenting features include 'curved surface' and 'corner wall' correction for image projection onto uneven surface areas without distortion. The projector can also be rotated vertically by 360 degrees allowing image movement around the room.

Set-up and installation is simple and straightforward. User-friendly features include pixel alignment for setting up a clear and correctly aligned picture. Edge-blending enables the projection of a large, widescreen image from a number of projectors working together seamlessly. In addition, a powerful zoom lens, as well as manual vertical keystone correction and centred lens, make it easy to set-up in various positions without blurring or distortion.

With the HDMI input, you have the flexibility to connect high definition devices, ensuring this projector is compatible with more input sources. You can also connect up to five different devices through a 100m cable with the HD-BaseT input.

For simpler integration with existing equipment, this model is also compatible with the Epson EB-G5 series lenses<sup>1</sup>.

## DATASHEET

## KEY FEATURES

- **Ultra-bright output**  
7,000lm White and Colour Light Output
- **High resolution**  
XGA screen resolution
- **High-quality images**  
3LCD technology for richer colours
- **Superior presenting**  
Project onto curves or into corners
- **Flexibility**  
360° vertical rotation of projection

**EPSON®**  
EXCEED YOUR VISION

## PRODUCT SPECIFICATIONS

### TECHNOLOGY

Projection System	3LCD Technology, RGB liquid crystal shutter
LCD Panel	0.79 inch with C2 Fine

### IMAGE

Keystone Correction	Manual vertical: $\pm 30^\circ$ , Manual horizontal $\pm 30^\circ$
Contrast Ratio	5,000 : 1
White Light Output	7,000 lumen - 4,900 lumen (economy)
Color Light Output	7,000 lumen-4,900 lumen (economy)
Resolution	XGA, 1024 x 768, 4:3
Lamp	380 W, 2,000 h durability, 4,000 h durability (economy mode)

### OPTICAL

Zoom	Manual, Factor: 1 - 1.8
Projection Size	50 inches - 300 inches
Projection Distance Wide	1.3 m - 8 m (50 inch screen)
Projection Ratio	1.29 - 2.35:1
Focal Distance	21.28 mm - 37.94 mm
Focus	Manual
Projection Distance Tele	2.4 m - 14.5 m (50 inch screen)
Projection Lens F Number	1.65 - 2.55

### CONNECTIVITY

Interfaces	RS-232C, Ethernet interface (100 Base-TX / 10 Base-T), VGA in, HDMI in, Display Port, Composite in, BNC in, S-Video in, RGB out, HDBaseT, Stereo mini jack audio out, Stereo mini jack audio in (4x), Cinch audio in
------------	--

### ADVANCED FEATURES

Security	Kensington lock, Security bar
Features	Instant on/off, Network administration, Quick Corner
Video Color Modes	Photo, Presentation, Sports, sRGB, Theatre, DICOM SIM

### OTHER

Warranty	36 months Carry in or 15,000 h, Lamp: 36 months or 1,000 h
----------	--

## LOGISTICS INFORMATION

SKU	V11H532041
Barcode	8715946526645
Dimensions Single Carton	511 x 583 x 345 mm
Carton Weight	12.2 Kg
Multiple Order Quantity	6 Units
Country of Origin	China
Pallet Size Euro	7 Units (1 x 7)
Pallet Size Block	7 Units (1 x 7)
